

The bucket hat is the smart reinvention of the rain hat

Gone are the golasches and old trappings, replaced by a new, practical and chic hat

The shape is a very genial and wearable. It's worn square on the head, brim down.

To create a focus on the eyes, the front brim can be flipped up,

and if you have a square face shape this will be your best bet.

With a world of modern fabrics, don't limit yourself to dreary grey colors.

An important point is that it plays best with a more casual style, and unless it's pouring,

it should be worn appropriately.
