01.

02. 3D embroidery

3D embroidery is a technique where the threads are raised from the fabric surface, creating a three-dimensional effect.

3D embroidery is used for creating logos, text, and decorative elements on garments.

03. 2D embroidery

2D embroidery is a technique where the threads are flat against the fabric surface, creating a two-dimensional effect.

2D embroidery is used for creating logos, text, and decorative elements on garments.

04. Woven patch

Woven patch is a technique where the patch is woven into the fabric, creating a seamless and durable design.
