

BUCKET HAT

The bucket hat is the smart reinvention of the rain hat
Gone are the golashes and old trappings, replaced by a new, practical and chic hat
The shape is a very genial and wearable. It's worn square on the head, brim down.
To create a focus on the eyes, the front brim can be flipped up,
and if you have a square face shape this will be your best bet.
With a world of modern fabrics, don't limit yourself to dreary grey colors.
An important point is that it plays best with a more casual style, and unless it's pouring,
it should be worn appropriately.
